Description

☑ Peeps

Since team members are remote, we don't always know when you'll be online! Please put the times when you are generally working on this card in EST. Obviously sometimes we work more, sometimes we have doctor's appointments. The goal is to know more or less when we can reach each other.

00/	
0%	Moises - Nov 11 - Nov 15, ROS PoC
	Moises - Nov 21, starting master control node
	Moises - Dec 9, setting up RPi4 for project (2 hrs)
